Re: *Text-Enabled Toll Free Numbers (WC Docket No. 18-28)*

Dear Ms. Dortch:

On May 30, 2018, Craig Lennon, Strategic Negotiator and Manager of Messaging and Voice for Google, and I spoke by telephone with Ann Stevens, Heather Hendrickson, and E. Alex Espinoza of the Wireline Competition Bureau. Also on May 30, Austin Schlick of Google and I spoke by phone with Jay Schwarz, Wireline Advisor to Chairman Pai. On May 31, Austin Schlick and I contacted by phone Amy Bender, Legal Advisor to Commissioner O'Rielly; Jamie Susskind, Chief of Staff to Commissioner Carr; and Travis Litman, Chief of Staff and Senior Legal Advisor to Commissioner Rosenworcel. In these conversations we expressed Google's support for providing additional clarity regarding text-enabling toll free numbers and emphasized that, in the current environment, user privacy and security concerns are impediments to commercial use of text-enabled toll free technology. We encouraged the Commission to recognize those concerns in this proceeding.

This notice is being filed in the above-referenced docket for inclusion in the public record. Please contact me should you have any questions.

Respectfully submitted,

Darah Franklin
Counsel
